THANK YOU FLOWERS!

Country: Lithuania

Association: Lithuanian Scouting

Project name: „Generation of campfires“

Contact person: Ieva Brogienė

Email: pirmija@skautai.lt

Phone: +37061873008

Street Address: Traku st. 18, 44236 Kaunas, Lithuania

Project dates: 14 – 22 July, 2018

Project objectives:

Lithuanian scouting is celebrating its centenary and one of the objectives is to encourage growth and strengthen local scout troops in rural areas and small towns where economy is at low level. The aim of the project was to help local scout troops to participate at scout activities outdoors, bring young people to nature. With decreasing population and massive emmigration from rural areas, the youth is more abandoned and requires support with camping equipment to be able to support those young scouts, who can not afford to live equal scout life like the rest of scout association members.

Project description:

National team of Lithuanian scouting agreed with National Jamboree organizing committee to make a micro supporting program and create a project to raise the money with aim to support local scout troops with camping equipment.

The task was to support 10 local scout troops with sets of scouting outdoor equipment. The set should include at least 2 tents to accommodate a patrol of scouts (8 persons). Then there should be 8 mattresses for those sleeping at the tents and 8 sleeping bags and kits of kitchen utensils.

After we received grant, we decided to support 20 scouts personally from social risk families and 8 local scout troops.

Results of the project:

20 scouts personally from **social risk family** where supported by: tents, sleeping bags, matteraces and kitchen utensils.

8 local scout troops where supported by: tents, sleeping bags, matteraces and kitchen utensils.

Expenses:

60 TENTS FREETIME and 4 tents EASYCAMP, total 4.223,00 euro.
